

August 2011

Bay Creek Middle School is home to over 900 students. Every day our students are in an environment of professionals who care about education. We take pride in the instruction that is provided to our students. Building partnerships within our community will assist us in building a strong foundation for yet another world-class school in the Grayson community.

Our teachers are creative, committed professionals who always look for new and exciting ways to teach our students. However, instructional innovations and teacher requests for special programs extend beyond our budget. How do we fund these special projects that focus on continually enhancing our students' educational experience? According to J. Alvin Wilbanks, CEO/Superintendent of Gwinnett County Public Schools, "The community's help and support are significant factors in our success as we deliver a quality and effective education for all the children entrusted to us."

We need your help in this endeavor. By becoming a Business Partner of Bay Creek Middle School your financial support will assist us in providing additional resources to our staff, students and facility. Below is a list of our initiatives that will enhance our students' educational experience at Bay Creek Middle School:

- Staff Professional Learning Opportunities
- Supplementary Instructional Resources
- Technology Resources
- Staff and Student Recognition
- Outdoor Classroom
- Fine Art Supplies
- Campus Beautification

Please review our partnership levels and decide how you may assist us in these endeavors. Remember, donations are tax deductible. Make your donation now before the end of the year!
